

Author/Illustrator Interest Form

An Open Book Foundation takes authors and illustrators to underserved schools and gives each child a signed book to take home, often the first book the child has ever owned. In addition, An Open Book gives a book to each classroom and a set of the author's/illustrator's books to the school library. Authors and illustrators find the experience both fun and rewarding.

- We schedule events throughout the school year for grades pre-K through 12.
- We schedule time for signing and provide local transportation to and from the event.
- Once you or your publicist has signed up with AOB using the form below, we will be in touch with you about scheduling an event.
